FORCE THE FIGHT ON SILVER

Senator Blackburn of Kentucky. Gives His Views on Bimetallism.

AN ADVOCATE OF FREE SILVER.

He Says the Single Gold Standard Means Bankruptcy and Ruin. An Unbroken Record as a Supporter of the White Metal. To Canvass Kentucky.

I have always been and am now and always intend to be in favor of the undimited coimage of silver. I have been making this fight as earnestly and persistently as it was possible to do over since it was demonetized in 1873 by what is known as the Sherman act. I believe that the single gold standard means inevitable bankruptcy and ruin to this country. I insist upon both gold and silver being retained as the money of the people, according to the provisions of the constitution. I have always opposed and always will oppose the single standard policy that England and Wall streethave fastened upon this country for the sole purpose of robbing the masses of the American people to enrich-the holders and hoarders of gold. I have always been and am now and and Wall street have fastened upon this country for the sole purpose of robbing the masses of the American people to enrich the holders and hearders of gold.
My record is unbroken as an earnest, uncompromising advocate of the silver metal, and in the coming canvass in Kentucky I-intend to force the fight on this line, and upon the record that I have made I am willing to stand or fall.

A New Idea to Stimulate Trade.

To the Editor of The Sun:
Suc-How would this do for an idea to stimulate trade? Let The Sun ask for men who will come forward and put down their names as agreeing to spend \$100 in eash on any set day, say the 1st of May, for poods for their own consumption, such as clothes, hats, shoes, dry goods, etc., or see that some member of their family has the amount to spend in eash.
